

36" x 36" Shower

- Molded with a shampoo/soap shelf on the back wall
- Textured floor
- Fold-up wheelchair transfer seat
- Includes vinyl shower curtain, plastic hooks, curtain rod and powder-coated stainless steel grab bar
- Hand-held shower head
- Left- and right-handed configuration available

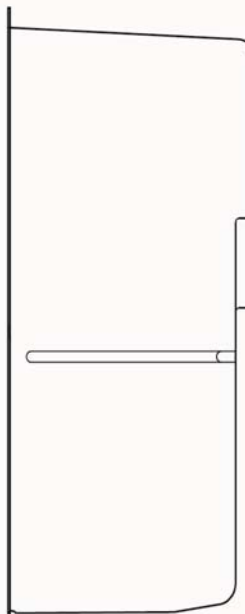

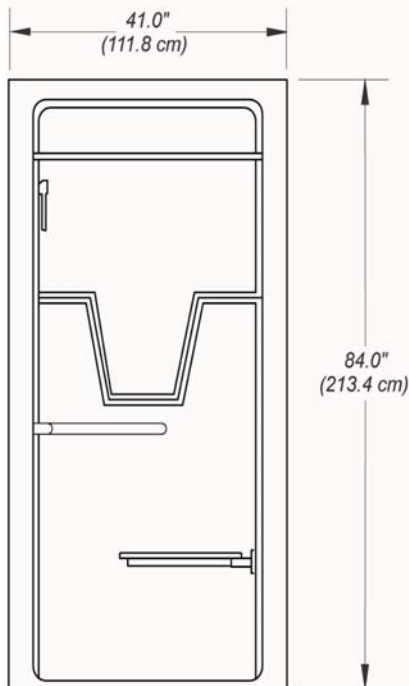

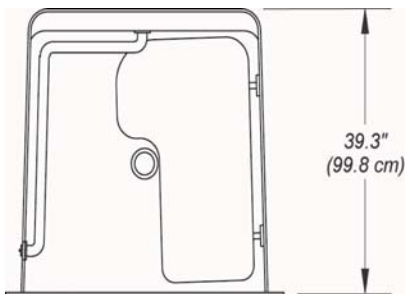

The 36 x 36 Transfer Shower is molded with a shampoo/soap shelf along the back wall and has a textured floor. Standard components include a vinyl shower curtain, plastic hooks, a powder-coated stainless steel grab bar and curtain rod, and a fold-up wheelchair transfer seat. *NOTE: If seat is omitted the unit will not be ADA compliant.*

It comes with a hand-held shower head and mixing valve of the owner's choice. It has a backside fire rating of "A" and a flame spread of less than 25. This unit also conforms to ANSI A-117.1 and ANSI Z-124.2, and complies with the guidelines issued by ADA and most city, state and national standards for barrier-free, accessible shower facilities for the handicapped.

NOTE: Wellness Environments recommends consulting a qualified engineer to determine if a bathroom floor drain is appropriate.

*Drawings not to scale
