

Redondo 48" Vanity

- ADA compliant
- Gooseneck faucet with wrist blade handles
- 1-piece shell construction features non-porous surface and radius inside corners for easy cleaning
- Plumbing access panel
- Includes mirror and dome lights
- Easily accessorized with client-defined light switches, grab bar and emergency pull station

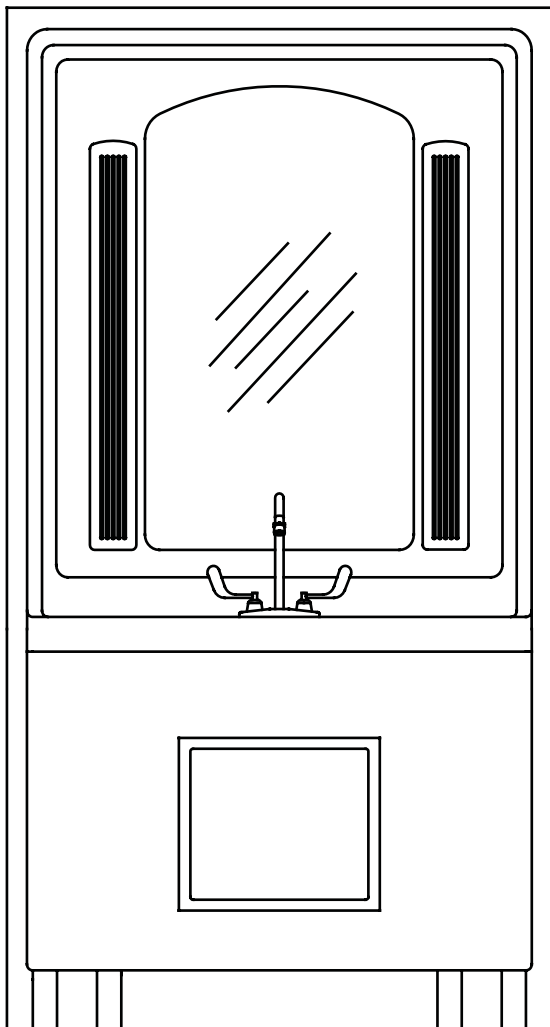

The Redondo 48" vanity is an ADA-compliant unit. The 1-piece shell has an integral sink, overflow and countertop. A grid drain, p-trap/strainer and gooseneck faucet with wrist blade handles are standard. Its radius corners make it very easy to maintain. Color is Biscuit.

Standard accessories include a plumbing access panel, mirror and dome lights. Space is also available to install owner-provided paper towel and soap dispensers. The 48" vanity can be accessorized with a night light, light switches, emergency pull station and grab bar. It is ANSI Z124.3 and NAHB compliant. It has a backside fire rating of "A" and a flame spread of less than 25.

Faucet set provided.

**Drawings not to scale.*
